Linda - Please block Alexis' calendar for Jan 21 to go to Sacramento for meeting with Bureau of Reclamation, and possibly a second meeting with the Regional Board. Thanks.

Alexis - the response below doesn't address my request to meet with Don Glaser. Are you ok mtg with Pablo, his deputy (who actually knows more and is directly involved in Klamath)?

Also, do you want to see if Pamela might be free that day, before we pick am or pm with Reclamation?

Hi Karen,

Pablo will be happy to meet with Ms. Strauss. He is available on January 21 and 22. Please let me know what time of day Mr. Strauss would prefer to meet and I'll set up the appointment.

Thank you for your time,

Hi Pablo -

Sometime in late January, our Water Division Director, Alexis Strauss, would like to meet with Don Glaser and yourself on potentially three topics:

First, the Klamath TMDL will be out for public comment again shortly. Much work has been done by the Regional Board and EPA to address the comments that Reclamation, with USGS, raised earlier this year. We'd like to explain how Reclamation's comments are being addressed, and if there are continuing Reclamation concerns, we would like to discuss them. Our goal is to see the TMDL adoption process proceed as efficiently as possible as we have a Consent Decree deadline of December 2010.

Secondly, we are currently working with the Corps of Engineers to review two projects that have applied for Clean Water Act 404 permits - Two Gates and Madera Ranch. We will be submitting our comments to the Corps by the end of the public comment periods. Given Reclamation's interest in these projects, we wanted to offer to explain our comments directly to you.

Lastly, there may be a BDCP issue worthy of discussion related to the project purpose statement. As a cooperating agency, we would like to advise you of our concerns.

Can you help us get on Don's calendar?. Alexis is free to come to Sacramento on January 21, 22, 26, 27, or 29.

Thanks so much. Feel free to call me to discuss any of these issues, or advise me on how best to arrange this meeting. - Karen
